EventXpress™ Seamless Dance Floor

Our EventXpress™ Seamless Portable Dance Floor combines the 30-year proven rental market performance of an exterior glue Douglas Fir plywood base with a vinyl dancing surface. A full panel sheet of vinyl replaces 12" x 12" tiles and there are now ten vinyl patterns to choose from including eight beautiful wood grain designs, as well as Solid Black and Solid White!

Palmer Snyder has the only continuous surface vinyl portable dance floor product on the market, delivering a superior dancing experience.

EVENTXPRESS™ SEAMLESS COLOR OPTIONS:

SOFT CORNERS

One-of-a-kind polyurethane corners interlock with center edge trim sections and eliminate the need for mitered trim sections. Provides superior safety from sharp edges and comes in Black or Grey.

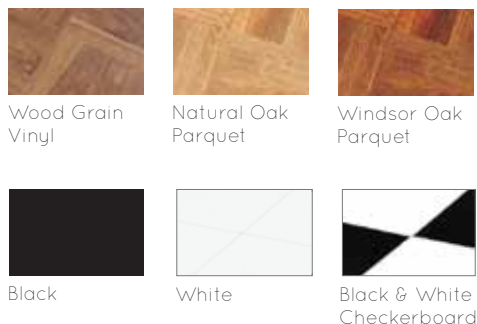

FASTER SET UP

Cam-lock fastening reduces installation and dismantle time. Hex key available in standard and extended lengths.

EVENTXPRESS™ COLOR OPTIONS:

FASTENING

Tongue and groove panels and trim secured with set screws or Cam-lock. (see above)

SOLID DESIGN

3/4" exterior plywood ensures the party goes on indoors or outdoor without warping!

DROP PROTECTION

Exclusive corner reinforcement minimizes drop damage!

EventXpress™ Dance Floor

Our original EventXpress™ portable dance floors gives you a dance floor you can depend on not to warp or gap. It has an exterior Plywood Core, for durability and fits together easily for quick and safe set-up.

Choose between 3' x 3' and 3' x 4' panel sizes for both EventXpress™ Seamless and EventXpress™.

C440/450

The C440 and C450 are the first resin chairs to perfectly replicate the classic look of a wood wedding chair. The brilliant white appearance of both models is made possible by state-of-the-art “bi-component” resin molding technology. This same technology makes the chairs strong, waterproof, lightweight and easy to clean. A perfect choice for the perfect event.

Fast and easy set-up. Sleek and elegant appearance. The perfect choice for a formal occasion.

- Maintenance-free
- Lightweight (10 lbs.)
- Advanced stacking features
- UV protected color embedded

Inter-changeable seat pads with waterproof plastic back.

Bi-component resin chairs clean effortlessly

Secure stacking features

2-part molding avoids unsightly seams.

Bi-component molded construction for exceptional strength.

By an independent lab to hold 1,000 lbs.

Stainless steel fasteners

alloyfold. LITE YEARS AHEAD

Aluminum Folding Chairs

Stainless steel fasteners make this the ultimate rust-free chair.

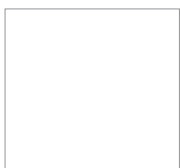

Tight, secure caps will not fall off.

Creates a beautiful atmosphere for any event.

AVAILABLE IN WEDDING WHITE OR BLACK.
